

CAPABILITIES STATEMENT

Corporate Overview

PEOPLE.

We take pride in the people who make our team our most valuable asset. Our workforce is constantly creating, solving, and growing through various opportunities, such as manufacturing, food service, and collaborations with many community partners. Their real-world, hands-on experience not only benefits our team's collective skillset and production potential, but also our clients' ROI.

SOLUTIONS.

Where there's a challenge, TAC aims to resolve it, with our services designed to be the solution. Our customers often praise our commitment to being the steady answer to their ongoing needs. We provide high-quality products and services, while exceeding our customers' expectations.

RESULTS.

Our unique employment opportunities not only benefit those employed, but result in effective outcomes for our customers. Our team members work hard to produce high quality items that ultimately improve your bottom line.
